We have definitely been keeping busy, not a day has been wasted in this quarantine and this section of the newspaper is for all of our wonderful creations, from artwork to baking, poems to stories. This is our chance to show off a bit and prove the true creativity of this class.

Here are some photos of our jaw dropping masterpieces

Lockdown has been great, don't get me wrong but I'm pretty sure I speak for all of us when I say I cannot wait until all of this is over. Thinking about that topic ideas started flowing through my head, I wanted to figure out what the first thing everyone would want to do as soon as all of this is over. So I'm going to go out on a limb here and pretend that all of this is over, let's find out what our class has on their schedule!

Gaby will be straight away meeting up with her friends, she'll be very busy!

Doireann plans to congratulate and help to celebrate all the birthdays that have been unfortunately missed.

If I were to tell Amelia right now that quarantine had ended she says she would run outside and scream at the top of her lungs
"I'm free!"

Doireann wants to go shopping and take a trip to mcdonalds for lunch!

Alex wishes to head out with her friends and reunite with them all.

Rebecca can't wait to get back to school and see all of our wonderful classmates again.

HOW ARE WE FEELING ABOUT HOMESCHOOLING?

Homeschooling is fun in my opinion, not much has changed and I know that the school is trying their best to make homeschooling as much like school as possible. Having our work set out for us on the school blog is a great idea and no doubt has paid off. And putting together my own mini school at home has brought out my creativity and made me excited for the weeks to come.

“Homeschooling isn’t that bad but I miss my friends and teacher, I just want life to go back to normal soon” -Amelia

Doireann enjoys homeschool because her mom has put together her own mini school!

As for the rest of us I think I speak for us all when i say as much as I am enjoying homeschool. I am missing normal schooling and can't wait to get back to our usual schedule.

And finally I want to say a big thank you to my teacher Ms Kirwan from our wonderful 5th class. She is the reason that we are all staying strong and getting through this lockdown. I asked some of our classmates if they had any advice for others and the majority of the answers were saying that we just need to stay positive and everything will be okay and back to normal soon. I can't wait to see you all again, slán!
